

# THE LITTLE BIG LIFTER

## LBL35, LBL50, LBL65 & LBL79 Commercial Lifter

*Introducing The BIG Lifter, our Commercial lifter by The Little Lifter Co.*

*The BIG Lifter is designed to assist in lifting large scale, heavy objects and machinery - reducing the risk of injury, while improving the efficiency of installation, service and movement of extremely heavy objects.*

### Key Features

**Transportable:** Quick fold to reduce travel size, with durable wheels for effortless movement.

**Easy-Level:** Adjustable legs ensure even loading for safe operation.

**Variable Height & Weight Capacity:** Easily work at different heights with lifting capacities up to 340Kg (TW-35)

**Eminent Safety:** Robust and durable construction with anti-fall system in mast, and enclosed steel cables and pulleys.
